Dear Cadets,

As first half of this academic session is about to culminate, I hope all of you are utilizing your time in giving finishing touch to your studies. Senior cadets (class IX-XII) are already here in the School and are being closely monitored for the upcoming Term-I exams whereas for the cadets of class VI-VIII all the needful actions are being taken keeping their academic output as the main focus. This is a very crucial time, as, almost in all the subjects concerned syllabus would be on the verge of completion, further a lot many activities would be going on pertaining to your Internal Assessment and definitely you would be busy in revising the syllabus.

So, I would advice you to use this time prudently and diligently. You can be thoroughly prepared with your syllabus by following very simple steps, i.e, firstly cover your syllabus comprehensively (make short notes), secondly, collect your doubts, thirdly, get your doubts clarified by the teacher without fail and finally keep on revising your content regularly. There is no rocket science in being fully prepared for your exams, just, make a time table, stick to it and follow the aforementioned steps and you are ready! Cadets, there is no short-cut/ alternative of hard work. At the end of the day, you need to work hard and that too with proper planning in these times of throat cut competition. Whatever steps I have delineated, are not absolute ones, you are free to carve your niche, but whichever methodology you adopt, just be consistent and honest in that.

Further, complete your activities for Internal Assessment and prepare well for your examinations. Class XII cadets will be appearing for NDA Written Exam as well. Just give your best there! At the end, brace yourselves cadets for your exams and don't forget to follow COVID appropriate behavior, as the pandemic is not over yet.

All the Best

Retroscope

It's a matter of great pride for me as an ex cadet of this Institute to write for the upcoming edition of the Newsletter Rewarian. I am Cdt Manpal Phogat School number 407 from NDA 144 course. I was the part of the institute from 2013 to 2020 and today I can say proudly that those were the finest 7 years of my life. The School gave me an opportunity to develop myself in every aspect which is required for a complete personality. The School left no stone unturned in terms of imparting training to the cadets of my batch and I am sure that similar kind of training is being given to the cadets at present also. The School gave me everything that I have right now. It wouldn't have been possible without the School. The School is blessed with wonderful teaching staff which is always eager to do the needful in cadets training. I still remember my first day in school when I was thinking that how will I pass out from here and how these 7 years are going to be and I also remember my day of passing out when I had tears in my eyes because I was leaving the company of my lifelong friends who will always be there at any time no matter what the circumstances prove to be. I have a piece of advice for all my juniors that whatever time you spend in the School you must keep on learning and keep on moving ahead. My best wishes to all of you and make us proud by giving beautiful results in the near future.

THANK YOU

उड़ते हुए मुझे बहुत दूर जाना है
पंखों में न जोर, न ही सहारा है।
ये भी क्या कम था जो...
शिकारी ने मुझ पर थामा निशाना है
होकर लहू लुहान गिरी में भू पर
देख रहा मुझे सारा ज़माना है।
लेकिन मेरा मन अभी घायल नहीं है
उठी में झटपट
...और उड़ी
क्योंकि...

मुझे बहुत दूर जाना है।
अब मुझे नहीं है किसी की चिंता न कोई फिक्र
अपने पंखों पर कर यकीं
बस अपने लक्ष्य को पाना है।
अभी तो नापा हैं मैने मुट्ठी भर आसमाँ
मुझे तो अभी अपनी मंजिल को भी पाना है
मुझे अभी बहुत दूर जाना है।
